VOLUME VII

CHENEY, WASHINGTON, FRIDAY, MARCH 30, 1923

NUMBER 25

BIGGEST DAY FOR ANNUAL ENDS TODAY

Final Subscription Campaign Is Now Drawing to a Close.

NO PHOTOGRAPHS TAKEN TOMORROW

Special Features Planned Will Make Kinniknick Complete Pictorial Souvenir of Year.

Today is the biggest day in the life of volume one of the Kinniknick annual. After today no more subscriptions will be solicited, and no more photographs for insertion in the annual will be accepted. The remaining time will be devoted to compiling and editing the material that has been collected.

More than 30 group photographs were turned over to the engraver last Friday, and the remaining photographs will be sent tonight. By April 15 it is hoped that all material can be in the hands of the printer, for it is estimated that at least 30 days will be required to complete the book after the printing work is started.

Indications already point to an annual that will be representative of all groups and activities of the school, according to the management. It is believed that adequate representation will be given each organization, although lack of funds has resulted in the elimination of many features that had originally been planned.

Story of Institution
One of the chief features of the book will be a brief story of the development of the school, starting with the Benjamin P. Cheney academy in 1882 and tracing the growth and vicissitudes of the institution at the present time. This sketch will be profusely illustrated, and each and every building that has ever served as a home for the Normal school will be shown.

Within a generation the Normal school has moved many times. Before the beginning of the second year, the academy building, which stood near the present site of the administration building, was burned. Then for a week the Normal was maintained in the public school. It was moved from the public school building to the building now occupied by the Cheney Drug company, where it remained until the autumn of 1893. That year the junior high school building was completed by the people of Cheney and turned over to the Normal school. It was not until 1896 that the Normal school building, which was destroyed by fire in 1912, was completed.

After the fire of 1912 the Training school became the administration building for a period of three years. The present building was ready for occupancy in the early part of the summer of 1915.

The aim of the staff has been to make the annual a pictorial souvenir of the year's work. Stories and all other printed material have been forced to give way to cuts and rosters of organizations, for it has been the testimony of many that in after years the illustrations and the names constitute the real value of an annual. There has been no thought on the part of the staff of Kinniknick of repeating any of the work covered by the Journal.

Various Items of Cost

Misunderstanding of various sorts, due to lack of knowledge of the work of printing and engraving, have arisen in recent weeks. It is for the purpose of clearing away these misunderstandings, if possible, that the management of Kinniknick has prepared the following statement:

"Items which enter into the cost of manufacturing a book are as follows: Material, printing, photography and engraving. These items, to be sure, are general and include many items of lesser importance. For our purpose we may even reduce the number to printing and engraving. The combined printing and engraving costs can not exceed the total amount raised for the annual.

"Only two sources of revenue are open to Kinniknick, advertising and subscriptions. As the advertising field is limited, it follows that the major cost of the annual must be borne by the subscribers. It was for that reason that the subscription price was placed at three dollars a copy.

"Another item which many have overlooked is that the market for annuals in the Normal school is limited. For that reason the per copy cost will be higher here than in large institutions. The cost of engravings for one copy is the same as for 10,000 copies, and the work of setting type and making ready the forms for printing is as expensive for one copy as for 10,000.

[Continued from page 3]

LAST DAY FOR PHOTOGRAPHS FOR ANNUAL

The hammer falls—at 3:45 today.

If your photograph for Kinniknick is not in by that time, you would better forget all about it.

If you were president, or the wife of the president, it would make no difference. There must be a closing time.

That time is 3:45 today. No kidding!

SEVEN FACULTY MEMBERS SPEAK

Dr. Clara Greenough Will Be Chairman of the Health Guidance Section.

NORMAL ALUMNI TO MEET

Dr. Owen, President of N. E. A., Will Be One of the Principal Convention Speakers.

Seven members of the Normal school faculty are on the program for the twenty-fifth annual convention of the Inland Empire Teachers' association, which meets in Spokane April 4, 5 and 6. The Normal school will be closed during most of the session.

Dr. Clara Greenough will talk to the primary teachers' section Wednesday afternoon on "Health Work in Primary Grades." Thursday she will preside as chairman of the section on health guidance.

Dr. Curtis Merriman will lead the discussion in the section on education and psychology Wednesday afternoon, and the following afternoon he will address the vocational guidance group on "Actual Results of Some Guidance Programs."

Miss Martin Gives Report
Miss Elizabeth L. Martin, who is secretary of the Inland Empire Council of Geography Teachers, will give the report of the Committee for the Advancement of Geography, cooperating with the Joint Committees of the National Council of Geography Teachers and American Association of Geographers.

J. W. Hungate is on the program of the Inland Empire Science Teachers' association, and L. V. Tyler will lead the discussion in the commercial section.

Dr. Ralph E. Tjeje will give the report of the committee on English in the normal schools.

Miss Josephine FitzGerald will address the school patrons' section Thursday afternoon.

Mrs. Mary A. Monroe, president of the board of trustees of the Normal school, is chairman of the Women's Executive league, which will hold a session Thursday afternoon.

Miss Lucille Elliott, a graduate of the Normal school, is secretary of the section devoted to public speaking and high school dramatics. She will talk on the "Place of the Pantomime in High School Dramatics."

N. E. A. President Coming

Prominent among the speakers who will attend the convention is Dr. William B. Owen, president of the National Education association. Dr. Owen is president of the Chicago Normal school. Other speakers of nation-wide reputation who will deliver lectures are Dr. E. B. Bryan, president of Ohio university; Dr. Charles A. Prosser, former United States vocational director; W. J. Spillman, United States department of agriculture, and J. O. Engleman, field agent of the National Education association.

The address of the president of the association, Commissioner E. A. Bryan of Idaho, will be given Wednesday morning. Dr. Bryan was for many years president of the State College of Washington at Pullman.

The annual banquet of the association will be held in the Marie Antoinette room of the Davenport Wednesday night. At 9 o'clock that evening, immediately following the banquet, the annual reception and dance given by the Spokane Chamber of Commerce will be held at Whitehead's.

Alumni of the Normal school will hold their annual luncheon Friday at 12 o'clock in the Hall of the Doges, Davenport hotel. Several hundred graduates and former students of the Normal are expected. The price per plate is 75 cents.

"Victory Cup" Arrives

The "victory cup," donated by John W. Graham & Co. of Spokane to the Normal basketball team as the champion team of the conference, was received by Coach Eustis Tuesday morning. The names of the Normal school players and of the coach are engraved on the cup.

Wants an Annual

Miss Helena Reeder of Mesa has subscribed for Kinniknick.

ALL PRESSES GIVE WAY TO THE MIEHLE

Normal Printer Claims It Has No Superior on the Market

TWO LOCATIONS ARE BEING CONSIDERED

New Type Also Ordered for Printing Department.—Used in Heads of Today's Journal.

"If it can't be printed on a Miehle, it can't be printed at all. The Miehle is simply the last word in printing presses."

In the foregoing statement R. J. Hochtritt, Normal school printer, gave his opinion of the Pony Miehle two-revolution press, which was ordered for the Normal school printing department last week. The press is being obtained through the firm of Barnhart Brothers & Spindler of Seattle, and will be installed during the summer months. It will probably not be used for printing the Journal before the opening of the fall term in September.

Used in Best Shops

"The Miehle press is used in the best printing establishments of the country," Mr. Hochtritt says. "It is designed to do the highest grade of book work, and is too expensive for newspaper work alone. However, it will do just as good newspaper work as any other press, and in the Normal school can be made to serve a double purpose. It will print two pages of a seven-column newspaper at one time, and will print a form of 16 pages, six by nine inches. There is no job of fine halftone work that a Miehle will not handle satisfactorily."

Two locations for the new press are being considered. One is the basement of the Training school, and the other is the basement of the administration building. If suitable lighting can be obtained, it is probable that the press will be installed in the basement of the administration building.

New Type for Journal

In addition to the printing press, the printing department has obtained some new type. The principal heads in this edition of the Journal are set in the new type, which consists of three sizes of Cheltenham bold condensed, 24 point, 18 point and 14 point, and the same sizes in the italic.

Heretofore heads in the Journal have been virtually limited to 11 point capitals, the largest size on the machine which sets the Journal type. This size of head was considered adequate for a four-column paper, but has proved unsatisfactory for a five-column paper.

The new type, in addition to heads, can be used for posters and advertising, for both lower and upper case type has been obtained.

Frolic for New Girls Tonight

A frolic for the new girls will be given by the service committee tonight in the Y. W. C. A. room. The party will be a get-acquainted affair. Refreshments will be served.

Cheek-to-Cheek and Dances of That Sort Are Ruled Out by Student Dance Committee

"Cheek-to-cheek" dancing, the "hop" and others of that ilk are under the interdiction, according to rules and regulations laid down by the students dance committee of the Normal school. Repetition of the offense after due warning has been given will automatically bar the offender from school dances.

"The Tuesday evening play hour is maintained for two reasons, to afford opportunity for wholesome amusement, and to give opportunity to learn to dance correctly," says Dean Spaeth. "In order to leave these dances as much as possible in the hands of the students, a student dance committee has been appointed as follows: Dan Daubert, Rosie McClure, Rosamond Matteson, Vera Thornley, Geraldine Hodgins, Ray Hubbard, Robert Farnsworth, Edward Bloom and Leta Rooks.

"The duties of the committee are: To serve as floor committee to introduce new students, to arrange music for play hour and to call attention of students to faulty dancing in order that they may correct their mistakes.

"Since it is impossible for the members of the committee to see everyone who is dancing incorrectly, and inasmuch as cooperation in this matter is necessary, any student is urged to report instances of incorrect dancing to the chairman of the committee. The name of the offender, the name

CHOOSE DATES FOR BOTH THE SCHOOL DANCES

Dates for the two all-school dances have just been announced. Saturday, April 14 will be the date of the informal and May 26 the date of the formal. The second dance of the spring quarter is traditionally given under the auspices of the Junior class and is known as the "Junior Prom." This dance will be given in honor of the Senior class.

CHOOSE NORMAL CANDIDATE SOON

Representative for May Day Maid of Honor Must Live in Cheney and Be Sixteen.

FACULTY ON COMMITTEES

Dramatic Club Will Present "A Full House" to May Day Crowd.—Try-Outs Soon.

Election of the Normal school candidate for maid of honor for the May Day festival will be held at assembly on Wednesday, April 11, Dean Spaeth announced yesterday. Girls who are 16 years of age and who live in Cheney are eligible for election. The three Normal school girls who are suggested most often for the position will be considered nominated, Dean Spaeth says, and from them one will be selected by popular vote to represent the Normal school in the final contest, which will probably be held about April 19.

Members of the Normal school faculty will serve on virtually all of the May Day committees. Dr. Curtis Merriman is a member of the executive committee. Faculty members will serve on other committees as follows:

Publicity—H. N. Stronach, chairman; George E. Craig.

Program—J. Orin Oliphant, chairman.

Queen's Throne—Mary Swerer, chairman; several Normal school girls.

Parade and Music—Dr. Ralph E. Tjeje, chairman.

Maid of Honor Election—Dean L. M. Spaeth, chairman.

Park Program—Miss Antoinette Dustin and Mrs. Grace Hulscher.

Afternoon Sports—A. A. Eustis.

Coffee—W. E. Haeseler, chairman; Mrs. Dora S. Lewis and J. E. Buchanan.

The Dramatic club of the Normal school will sponsor a three-act farce, "A Full House," by Leon Wilson, as a part of the evening program of the May Day festival. The play will be coached by Dr. Ralph E. Tjeje.

"It is play," says Dr. Tjeje, "revolves about the peculiar situation created by a young man who wrote ardent love letters without due discrimination. A brother of this young man, who is a lawyer by profession, spends most of the three acts in getting him out of his predicament."

All members of the student body are eligible to compete in the try-outs, which will probably be held the week following the spring vacation. There are 14 parts, seven for men and seven for women.

of the person with whom the offender was dancing and the name of the person reporting the offense should be on the paper. The name of the person making the report will not be made known.

"The offender is then called before the committee and given instructions. If he repeats the offense, his name will be posted on the bulletin board. If he continues to repeat the offense, he will be asked to stay away from all school dances for the rest of the quarter.

"The following dancing rules, approved by the National Association of Dancing Masters, are to be observed:

"If you are leading, place your right hand between the shoulders of your partner, keeping your right elbow well away from your body. See that above, but not resting on this arm, is your partner's left arm, at right angles with her body, her hand just back of the curve of your shoulder. Let your left hand, palm up, clasp your partner's right. A line from these hands to the opposite elbows should be parallel with your parallel bodies."

Elect Chinook Officers

Officers for the Chinook Camp Fire were elected Wednesday evening, as follows: President, Charlotte Grigson; scribe, Edna Miller; secretary-treasurer, Louise Ferriman. A ceremonial meeting was held Wednesday.

CONTRACT IS LET FOR THE PIPE ORGAN

New Kimball Pipe Organ Will Be Installed During the Summer Months.

RECITAL IS PLANNED FOR ITS DEDICATION

President Showalter Praises Loyalty of Alumni in Contributing to the Organ Fund.

Contract for the pipe organ for the Normal school auditorium, which will be installed before the opening of the fall quarter, has been signed by President Showalter. A Kimball, three-manual organ has been selected. When all expenses have been paid the total cost of the organ will be about \$15,000.

The contract calls for a period of three years in which payments may be made. During that time, it is believed, the organ will earn many hundred dollars and will help materially in paying for itself. A recital is being planned and will be held in connection with the dedication of the organ shortly after the opening of the fall quarter. From this opening recital it is believed that several hundred dollars can be raised.

Organ Planned Years Ago

When the administration building was being constructed President Showalter made plans for a pipe organ to be installed in the auditorium at some future time. In the summer of 1917 a committee was appointed to raise \$5,000 from the alumni, or approximately half of the estimated cost of the organ. During the ensuing months a few hundred dollars were raised, but work was suspended on account of the war. Nothing more was done until the summer of 1921.

The pipe organ committee was composed of George W. Frasier, J. DeForest Cline and J. Orin Oliphant. Before 1921 Mr. Frasier left the Normal school, and in September, 1921, President Showalter appointed Miss Josephine FitzGerald as the third member.

From September, 1921, to January, 1923, the committee received \$3500 in pledges from former students, in rental from the auditorium and from miscellaneous performances. The greater amount however, came in small contributions from members of the alumni association. Hundreds of pledge cards are in the hands of the committee. The overhead expense of the campaign has been virtually nil, and every cent received from former students has gone into the fund.

President Praises Alumni

"It is hardly possible for the Normal school to express adequately its appreciation of the support given by the alumni during the pipe organ campaign," President Showalter says. "From the beginning it has been the purpose of the committee to have an organ built with dimes. Only small contributions have been asked. It has been our desire at all times to have an organ in which hundreds, or even thousands, of the alumni and friends of the institution might hold a small block of stock.

"The small contributions from so many is indicative of the interest of the alumni in their alma mater. We sincerely hope that they will feel that the organ does belong to them and that they will return to the Normal school whenever possible to enjoy it. No more fitting memorial could be dedicated to our thousands of graduates and former students than the splendid organ which will grace the auditorium for years to come."

A cut of the pipe organ and a brief sketch of the work of the pipe organ committee will be published in the annual.

LEFEVRE ELECTED BASEBALL CAPTAIN

Twenty Men Out Regularly for Practice.—Coach is Predicting a Winning Team.

Quimby Lefevre was elected captain of the 1923 Normal baseball team at a meeting of the baseball letter men last Tuesday. Lefevre won his letter in baseball and basketball last year and won letters in football and basketball again this year. He is a clean, hard-fighting player, and his influence as captain will do much to help his teammates to win.

Twenty men have already been issued suits, and more will be outfitted as soon as the suits arrive. With a squad of 30 men out for places on the team, keen competition is to be expected, and from the showing made, Coach Eustis feels assured of a winning team.

The Journal Recommends

1. That each student subscribe for a copy of Kinnikinnick.
2. That the annual be devoted largely to cuts and names.
3. That each student who has subscribed for a copy of the annual remember that the remainder of the purchase price must be paid at the time the book is delivered.
4. That students refrain from ruining the campus by indiscriminate walking.
5. That students, especially those who are planning to teach next year, attend the sessions of the Inland Empire Teachers' association.
6. That students take note of the fact that, after today, no photographs can be accepted by the staff of Kinnikinnick.

Larger Student Loan Fund

Aside from the work that is available for a limited number of Normal school students in Cheney, the Normal school is enabled to give financial assistance to students only through the medium of the student loan fund. To those who are eligible for assistance, that is to say, those who are soon to be on an earning basis, this fund is of the utmost importance. A few dollars obtained at the right time have kept many deserving students in school who otherwise would have been forced to drop out. As the student body increases in size, the demands upon this fund increase.

A committee has been appointed by the administration to endeavor to increase the loan fund to \$10,000. The committee intends to ask for voluntary contributions in small amounts from students who feel they owe something to the school. If at graduation time, after a good position has been obtained through the efforts of the Normal school, a student feels that he wishes to make a small pledge to be paid from a salary check at some future time, the committee will gladly accept the contribution. No student, however, will be urged to make the pledge. All contributions must be voluntary.

To those who make the pledge will be given a complimentary subscription to the Journal for a year. As the facilities for publishing a school paper are improved, the Journal may be expected to improve also in the months to come. It will always remain the medium through which students may keep in touch with their alma mater. But that is not the principal thing at stake. The future of many deserving students—students who are endeavoring to get an education under adverse conditions—is tied up in the student loan fund of tomorrow. A contribution to the fund is a contribution which will continue indefinitely to serve. It will grow larger the more it is used. Its possibilities for service are wonderful.

High School Track Meet

Going on the theory that all worthwhile things should be continued, a track meet for high school athletes, to be held on the Normal field, would be a desirable event.

The basketball tournament was a success, if letters and verbal declarations from coaches, players and interested spectators may be taken as proof. The tournament has caused not only an interest in basketball, but in all sports and sportsmanlike conduct, and has furthered the interest of high school students in the State Normal School at Cheney. The affair could be repeated to advantage in the form of an interscholastic track meet this spring. Interest in track is fostered with difficulty in high schools because the lack of equipment is so prevalent. Most schools have a basketball floor, but few have athletic fields. A track meet here would furnish an incentive toward building up this activity in high schools, for which there is a need.

As an enjoyable event of springtime, an incentive to high school athletes and an advertisement for the school, an annual high school track meet at the Normal would be a desirable event for spring.

Reference Bulletin Board

Normal students do not appreciate the opportunity that is theirs in having a bulletin board such as is provided for them.

In a recent issue of The Evergreen may be found a discussion over the matter of a bulletin board at the State college. A need is felt for one board where the notices, announcements, etc., of all departments may be gathered together for student perusal. Bulletin boards for the several departments, as is the present plan, does not satisfy the needs. Activities and announcements of one department are entirely divorced from all others. A student carrying work in two or more finds himself in a difficult place, oftentimes. The plan under consideration is to have a sectional board such as the one here, where all notices will be placed.

Too often the bulletin board is dubbed a lounging place or a mere

fixture in the rotunda. Its value has been pointed out from afar, which will help us appreciate the value of our own possession.

Jimmie's Letter

Dear Ma—Well ma, we've forever got to have that dancing question on our hands it seems and its sure lucky for the dean that I got back in school just when I did for she got it on her hands again and theres no doubt that I can be a lot of assistance to her. One reason I can help out on this matter is that I'm in the habit of looking things over in a sort of disinterested way and reaching a calm and mature judgement that gives my opinions a whole lot of authority. You know that I was always that way ma.

Sometimes ma, it is a temptation to a guy thats dancing with a pretty girl to put your arm around her too far, and if she insists upon putting her cheek against yours are you going to take a chance on making her mad and getting unpopular by telling her that you dont like things like that when she knows that it aint so. Now of course, you could stop all of that by not having any dances at all but that would be a radicle step that I wouldnt approve of because if we didnt have the informal and the formal every quarter it would be a distinct loss to the social life of the institution and pretty soon we would be away back where we were before we started on this plan of having informals and formals to follow them.

But I'm about to come to the practical suggestion that I'm going to offer to the dean. You know ma, if you are going to teach the best way to do is to make your scholars want to do the things you want them to do. That's what you call good pedagogy which means the same thing as good teaching. Now if all the boys of the school was to be made to eat onions the night of the dance all this here dancing problem would solve itself and there wouldnt be no need of having a dance committee standing on the sidelines to haul you out if you got your fingers too far across the line running down the middle of your partner's back.

Your partner would want to keep away just as far as she could and then there couldnt possibly be no criticism. And besides onions dont cost a great deal.

Your loving son,
—Jimmie

SALVAGE DEPARTMENT

Edited by
O. G. WHIZZ

Confined to the beaten paths of tradition, the ordinary journalist overlooks or discards much that is of vital interest to humanity. It is the purpose of the editor of this department to gather up the broken bits of news, weld them together and make them serve useful purposes. Motto: "What others discard we pick up."

The Weaker Sex

According to one of the sporting stories in the Journal last week, the "strong women" of the school will have a tennis team. Those who have developed a wicked right upper-cut will be invited to turn out for practice as soon as weather conditions permit.

Page Miss Spaeth

Miss Frances Wilson, a former teacher at North Central, visited her sister, Miss Nelle Wilson, vocational advisor, last week-end. Miss Nelle Wilson then motored back to Cheney where her sister is dean of women at the normal college.—North Central News.

The Political Pot

Our political observer opines that the explanation of the student election last week, as given by one Mlle. Faux Pas, is not the correct version. After an exhaustive study, during which time the archives of the institution were carefully ransacked, he has issued the following statement:

"Women of the Normal school, conscious of their numbers, last winter launched a feminist movement and succeeded in putting over a ticket in the December election. The success of this movement, however, was short-lived. Following a policy of non-resistance and watchful waiting, the men of the school bided their time. And it came. When the time arrived for making the spring slate the feminist movement had waned. The task of ruling the world was gladly surrendered without a struggle. Once more the men are in the saddle, and the universe moves along on even keel."—(All rights to re-publication carefully preserved).

Constructive Editorial Wanted

The editor of Kinnikinnick, sorely pressed for an editorial that will be instructive and entertaining, is calling for volunteers to write on the significance of the discoveries in the tomb of Tutankhamen in relation to the failure of the legislature to pass the bill empowering normal schools of the state to grant degrees to students who have completed the approved four year course of study. Suitable awards will be made from the deficit of the movie fund.

New Course Needed

Reports emanating from the national capital, the outcomings from the witless pen of a former senator's wife, have produced a great desire on the part of Normal school girls to become wives of members of Congress. And in order that they may at once break into the "smart set" at Washington, assuming of course, that their prospective husbands will be elected, they feel that they should receive adequate instruction while in attendance at the Cheney Normal. Hence, it has been brought to the attention of this editor, there is a growing demand that the courses in Community Ethics be extended to include preparation for the more arduous social duties at the nation's capital. Such extension should, in a general way, include rules for playing bridge all evening without losing more than the price of a movie ticket, the art of flicking the ashes from a lighted Lucky Strike without burning the little finger and the correct manner of knocking the ashes from a pipe by hitting it against a French heel.

Kingston Offers Prize

C. S. Kingston, while reading his favorite newspaper a few days ago, came across a society story which fascinated him so greatly that he referred it to us. It deals with Marathon events and is published herewith in full:

"What is claimed to be a new world's non-stop fox trotting record was established in England by Edgar Van Ollefen and Miss Ollie Finnerty, who danced nine and a half hours without pause. Neither took food during the long period on the floor, and both finished comparatively fresh. The performance beats by an hour the record set up in Glasgow by two Scotch dancers, this in turn having out-ranked two other records made recently of seven and a half and seven

and three quarters hours. 'What fools we mortals be!'"

Now Mr. Kingston is willing to wager that there is no student in the Normal school who can beat that record; and, as an earnest of good faith, has informed us that he will offer a prize to any student who can surpass the record. Said prize will be either a paper-bound copy of Darwin's "Origin of the Species," autographed by Mr. Kingston, or a manuscript copy of "Engineering Problems Involved in the Development of the Columbia Basin Project," beautifully illustrated.

Defect in the Law

Unfortunately, the new certification law, which will abolish teachers' examinations after September 1, 1927, does not abolish examinations for teachers in preparation.

"But," said the sweet young thing, when interviewed on the question, "you know I expect to be married before then. So what difference does it make?"

Know Your State

Down in Clarke County it is well known that there is a state school at Medical Lake, but the nature of that school is apparently not well known. Recently a letter addressed to the Registrar, State Normal school, Medical Lake, found its way to the Normal school. It had passed through the custodial school at Medical Lake. The writer of the aforesaid letter, publisher of a newspaper, desired to know how many Clarke county students are attending "your institution." There are no Clarke county students at the Normal school this year. We haven't been keeping books for the Medical Lake institution.

DIVIDE PROCEEDS OF THE MOVIE

Proceeds of the movie for tomorrow night will be divided between the Camp Fire organizations of the school and the students' loan fund on a 50-50 basis. Camp Fire girls are selling tickets.

Sixteen duels, a man holding up a broken bridge while three riders cross it, the stealing of a queen's jewels, a desperate fight with a conscienceless woman for their recovery, the smashing of one of the greatest intrigues of history—these are but a few of the dramatic incidents in Douglas Fairbank's sixth United Artists picture, "The Three Musketeers," to be shown in the Normal auditorium tomorrow night.

Based on the marvelous adventures and escapades of the dashing D'Artagnan and three of King Louis XIII's musketeers, this photoplay unfolds the history of France in the early seventeenth century when that monarchy was dominated by the designing and crafty Cardinal Richelieu, a soldier by training but a statesman and churchman only by virtue of intrigues he devised.

No more vivid and picturesque tale has ever been presented on the screen than this. It is claimed. From a photographic standpoint it is a work of art, and costumes and sets are marvelous. It is believed that this photoplay will go down in film history as one of the classic productions.

Fairbanks' interpretation of the dashing and impulsive D'Artagnan will present him to his admirers in a new light, and the work of the all-star cast that supports him will insure satisfaction to all photoplay goers.

GARBERG'S

SOCIETY--Campus and Off-Campus

Edited by ROSAMOND MATTESON

March 29 and 30, subscription campaign for the annual.
Friday, March 30, "Y" night.
Saturday, April 14—Informal.
Tuesday, April 24—Open house, department of applied science and arts.
Saturday, May 19—Formal.

Monroe Hall

Miss Grace Bretton of Spokane was a week-end guest of Miss Edith Patterson.

Miss Nelle Wilson, vocational director at North Central high school, was a guest of her sister, Miss Frances Wilson, over the week-end.

J. Orin Oliphant was the guest of faculty members at Monroe Hall for dinner Sunday.

Bertha Sherman entertained Miss Elizabeth Martin at dinner Thursday evening.

Miss Laura Loetcher was a guest of Florence Lehne at dinner Sunday.

Walter Brober of Spokane was a guest of Lulu Tupper during the week-end.

Gordon Sly of Republic was a guest of Ruth Safe on Sunday.

A party was given at Monroe Hall Monday evening in honor of the new girls. The program consisted of a violin solo, Mabel Hay; reading, Hilda Lorenzen; piano solo, Mildred Taylor; reading, Mava Wallace, and a vocal solo by Matzie Lantz. A variety of games furnished amusement until time for "quiet hour."

Senior Hall

Albera Nicholas of Spokane was the guest of Edith Wolston, Lauretta Craft and Josephine Bresnahan on Monday and Tuesday.

Gertrude Fehmer, who is now teaching at Four Lakes, spent the week-end with Josephine Hough.

Elizabeth Georger of Spokane was the Sunday dinner guest of Kathleen Riley at Monroe Hall.

Louise Grieve and Luttie Griffin of Spokane visited Elizabeth Grieve Friday and Saturday of this week.

"B" Roberts spent Saturday with Mrs. Margaret Guthrie of Sprague, who was a former student of the Normal.

Mrs. Agnes Whitney and daughter, Gloria, spent the week-end visiting Ruth Horn.

Christine Knudsen gave a birthday surprise party in honor of Lillian Freeman last week. Those present were Hazel Rayburn, Mae Kernan, Blanche Fisher and Margaret Madison.

James B. Cahill of Syracuse, N. Y., was the guest of Hazel Rayburn at dinner at Monroe Hall Sunday.

Fate Dick of Entiat was a guest of Irene Grimm this week.

Mrs. Louise Anderson was the Thursday dinner guest of Gertrude Bonar at Monroe Hall.

Dr. Clara Greenough entertained Amelia Thom, Katharine Davis, Dece Dearborn, Isabella Clawson, Beatrice Burch, Neva Davis and Hannah Clara at dinner Friday evening, after which the party attended the "Y" plays.

Training School

Several of the men taking industrial art work are teaching manual training in the Training school classes. Omer Pence is in charge of a section of the sixth, seventh and eighth grade boys. Art Bolstad is teaching a section composed of fifth, sixth and eighth grade pupils, while Gordon McDonald has a third section of fifth, sixth and seventh grades.

The fifth grade is doing small house and yard problems, the sixth grade pupils are making footstools, taboretts and candle sticks, the seventh grade pupils are doing concrete work, and the eighth grade groups are working with printing and bench electrical.

Mr. Dales expects to take his classes in observation and methods on visits to Spokane schools soon.

A cleanup week for grounds around the campus is being planned by the Sixth C class of the Training school. The junior "street cleaners" plan to make their appearance soon and will work under the supervision of Leo Anderson.

Writing business letters to various firms is the language project of the Sixth B class at the present time. The class has just finished a letter to the Armour & Co., asking for a food products map to be used in geography classes.

SELECT SACAJAWEA

Anna L. Kliphardt of Free-water, Ore., has been selected by the Senior A class to play the role of Sacajawea in the traditional ceremony of "passing the arrow" during the commencement week exercises.

Handel's Messiah to Be Sung on Easter

"The Messiah," Handel's most successful and best known oratorio, will be presented by the Normal chorus Easter Sunday afternoon at 3 o'clock under the direction of Mrs. Grace Hulscher of the music department, in the Normal auditorium. Miss Marion Lawton will direct the orchestra, and Miss Margaret Paige will be the accompanist.

Miss Ada Louise Bell, instructor in voice at the Normal and prominent in Spokane musical circles, will sing the soprano solos. Mrs. A. E. Adams, who is a member of Spokane church choirs, will sing the contralto solos. E. M. Nelson and A. A. Eustis of Cheney will sing the tenor solos and Stephen Gaylord the bass.

Sixty voices compose the chorus, which promises to be exceptionally fine in its interpretation and execution of the difficult scores.

"We have regarded our work in the 'Messiah' as an opportunity to enjoy and sing real music and feel that the time spent in practices has been most worth while," Mrs. Hulscher said.

The Messiah, while usually sung just before Christmas, is also appropriate to Easter and is being sung in several Spokane churches this year.

The story of the composition of the score is an interesting one. It was first performed at a concert given for charitable purposes at Dublin on April 13, 1742, Handel conducting the performance in person. Thereafter the Messiah was brought out every year in London with great applause.

Words of the choruses and solos will be printed on the programs to enable the audience to follow with more enjoyment and interest.

Mrs. Lucy W. Collier Coming to Normal

Mrs. Lucy Wood Collier of San Francisco will come to the Normal school April 9 under the auspices of the American Child Health association, and will probably address Normal students at a special assembly. The American Child Health society is sending Mrs. Collier to the Inland Empire Teachers' association and to the State Normal school in recognition and appreciation of the health work which has recently been organized in this part of the state under the supervision of Dr. Clara M. Greenough of the Normal faculty. The health section of the I. E. T. A. was organized just last year, and Dr. Greenough was elected first chairman of the meeting.

After the association meeting in Spokane, Mrs. Collier will spend some time in investigating health conditions in Washington. Mrs. Collier introduced health teaching in the schools of San Francisco in 1923 and is the director of the health education for the entire school system there. She was also instrumental in organizing a program of health work in San Francisco's State Teachers' college and demonstrations of health training in children's clinic and wards of the University of California hospital. She is a contributor to the Sunset magazine.

Last year Dr. Estelle Ford Warner, prominent health worker, reported to the American Child Health association, of which Herbert Hoover is president, on the health work being done at the State Normal School at Cheney by Dr. Greenough. The association responded by sending Mrs. Collier.

Campfire Organizations

The monthly ceremonial meeting of the Sacajawea Camp Fire was held Monday evening. Elizabeth Grieve lighted the fire of work, Myrtle Sheet the fire of health, and Myrtle Ashley the fire of love. Honor beads were awarded to Arta Verity and Rosamond Matteson.

Kathleen Riley, Myrtle Ashley, Elizabeth Grieve and Rosamond Matteson were awarded the rank of wood gatherer. National Camp Fire honors for arousing interest in Camp Fire work and getting new members were awarded to Garnett McCowan, Elizabeth Grieve, Kathleen Riley, Viola Hill, Rosamond Matteson, Arta Verity, Myrtle Ashley and Vivian Marberg.

The fire of work was extinguished by Kathleen Riley, the fire of health by Arta Verity, and the fire of love by Myrtle Sheets. The camp voted to sell poppies on Memorial day.

Camp Fire Girls Hike

In spite of unfavorable weather, girls of the Tsianina Camp Fire indulged in a three-mile hike last Wednesday afternoon. Roasted wieners and buns furnished refreshments for a hungry crowd. Those in the party were: Caroline Burch, Hilda Lorenzen, Ida Harris, Angie Bongiorno, Katherine Roberts, Alice Morton, Lenora Black, Valera Kulp, Unieta Kitchen, Elberta McNeil, Marion Hut-ton, Mava Wallace and Frieda Shook.

The girls were accompanied by Miss Edith Patterson, guardian.

Help Near East Relief

The regular Y. W. C. A. meeting was held yesterday. The program was in charge of Mildred Roberts, chairman of the world fellowship committee. A drive was made for old clothes for the benefit of the Near East Relief.

Hold Vesper Service

A Palm Sunday vesper service was held in the Y. W. C. A. room at 4 o'clock Sunday. The program consisted of a piano solo, "The Palms," Lydia Raymond; a reading, Alma Bennett; music by a quartette composed of Elsie Hensley, Esther McCollum, Eunice Hafterson and Annie Hafterson, with Luella McFaddin at the piano; a violin solo by Beulah Florida; a talk by President N. D. Showalter. The service closed with singing by the congregation.

Y. W. Makes Money

Two one-act plays and a vaudeville sketch constituted the program offered by the Y. W. C. A. Friday, March 23, in the Normal auditorium. The plays were adapted to the "Normal environment."

In connection with the entertainment the home economics department sold candy. It is estimated that the net receipts from Y Nite will amount to about \$75.

Miss Dickinson directed the play, "Op O' Me Thumb." The cast included Geraldine Guertin, June McChesney, Helen Buchanan, Esther Painter, Florence Brown and Dan Daubert.

Mrs. Stowe, Charlotte Grigson, Clara Peterson, Rosie McClure, Grace Humphries, Rosamond Matteson, Hazel Rayburn and Leta Rooks presented "The Mere Man" under the direction of Dr. Tjeje.

The vaudeville sketch was in charge of Hazel Campbell. Don Reed and Kenneth Davis sang and played the banjo and saxophone. June McChesney interpreted the Jelly Roll. Habelle Shanahan accompanied her.

MRS. ANDERSON TO LEAVE ON MONDAY FOR CALIFORNIA

Mrs. Louise Anderson, Normal instructor in home economics, has obtained a two-months leave of absence and will start Monday with her daughter for a visit in California. She will return for the summer session.

On the advice of her physician Mrs. Anderson is taking her daughter to California for her health. They will probably obtain an automobile at Portland and drive south.

[Continued from page]

Biggest Day For Annual Ends Today

as for an edition of many thousand copies. In other words, as the size of the edition is increased, the per unit cost of production is decreased. If 1500 copies of Kinniknick could be sold on the campus, a better book could be published than is now contemplated at a cost of \$1.50 a copy. But it is doubtful if more than 400 copies can be sold, and it would be very unbusinesslike to print more than can be disposed of to advantage.

Photograph Is Not a Cut

"Another misunderstanding which Kinniknick would like to remove is that photography and engraving are not one and the same thing. A photographer is not equipped to make cuts, and an engraver does not operate in competition with a photographer. A photograph can not be put into a form with type and reproduced on paper, but the cut, which the engraver makes from the photograph, can be and is inserted with the type and reproduced.

"The photographs which Mr. Card has taken of the various groups are 'copy' for the engraver, just as a page of typewritten matter is 'copy' for a printer. The cost of making the photographs is paid to Mr. Card, and the cost of making the cuts will be paid to the engraver. The management of Kinniknick agreed to pay the engraving costs for the various groups, but it did not agree to pay the photographer for making the photographs. It should be remembered that the cost of making a cut is many times the cost of making a photograph."

Ask Ernest Cash

Student in Geography Class—What is a Savannah?

Miss Martin—A wide expanse of grass land between an equatorial forest and a desert, but I think some members of the class already know the answer to that question.

Neverwed—I suppose you've found marriage a true partnership?

Longwed—Not exactly. It's more like a corporation in which I'm a minority stockholder, paying assessments to meet operating expenses.—Boston Globe.

PLAN TOURNAMENT FOR TENNIS PLAYERS

Names of Contestants Should Be Handed to Coach Latter Part of Next Month.

Plans for the annual tennis tournament are now being perfected and play will begin April 23 and continue for four weeks. The plan of play will make the tournament what is known as a "ranking tournament." That is, a list of all the names will be made, places in the list being determined

by drawing, and a player is then allowed to challenge either of the two next above him.

All persons who wish to enter the tournament are asked to hand slips with their names and all the events in which they wish to compete to Coach Eustis between April 16 and April 22, so that the ranking of the players may be determined.

TRACK WORK PICKS UP

Several Men Are Turning Out Regularly.—Plan to Work on Field on Campus Day.

Track prospects were considerably brightened last week by the addition of several men to the track squad, and the Normal track team will undoubtedly make a very creditable showing this season. About eight men are turning out regularly.

It is hoped that a Campus day can be arranged, and, if possible, that all the men in the school may be induced to work on the athletic field and put the diamond and track in perfect shape. Unless present plans go astray, it will be possible to announce the complete program and date for Campus day in the next issue of the Journal.

The "W" club is planning to take an active part in Campus day activities.

"A Good Sport"

State Normal, Ellensburg, Mar. 28.—"A man must first of all be a gentleman if he is to be classed as a good sport," declares Coach Leonard. "One of the first and foremost aims in the coaching of athletics should always be to endeavor to develop clean sportsmanship and high ideals in interscholastic and intercollegiate games."

W. S. C. Scholarship Averages

State College of Washington, Pullman, Mar. 29.—(Special).—An average of 78.67 in scholarship for the letter men of the State College of Washington football squad the past season is high, considering that a heavy schedule of games away from the campus lost them 26 days' classes. Next fall there are more home games, and the gridgers say it will show in higher scholarship.

Freshman football men averaged 77.81; the varsity basketball team, 80.82; men's glee club, 83.53; freshman basketball players, 84.41; women's glee club, 87.22; and the men of the campus fire department, 87.34.

Will Grant 328 Degrees

State College of Washington, Pullman, Mar. 29.—(Special).—At commencement this year, June 14, the State College of Washington will grant 328 degrees. Of these 126 will be bachelors of science, 155 bachelors of arts, 29 graduates in pharmacy, and 18 advanced degrees.

Plan Scientific Body

Organization of a scientific research section is being planned for the Inland Empire Teachers' association by a group of Inland Empire scientists. Miss Elizabeth L. Martin of the Normal faculty is a member of the committee on organization.

TEACHERS TO GET SAME WAGE SCALE

Lincoln County Teachers and School Directors Reach Agreement on Schedule for Next Year.

Salary schedules for teachers in Lincoln county next year will remain unchanged, according to an understanding reached at a joint meeting of representatives of the Lincoln County Teachers' association and the Lincoln County School Directors' association in Davenport recently. The schedule is as follows:

Lowest qualification, minimum monthly wage, \$90; one year professional training, \$110.60; normal school graduate, \$112.50; A. B. degree, \$135; high school principals, \$160; superintendent of Creston and Edwall schools, \$1940 annually; Reardan and Almira, \$2250 annually; Davenport, Harrington, Wilbur, Sprague, Odessa, \$2800 annually. No increase for experience will be given.

Teachers possessing "minimum requirements" are not high in the favor of Lincoln county folk, according to the Davenport Times-Tribune. In its report of the above-mentioned meeting the Times-Tribune says:

"All those present were against the present system of permitting a high school graduate to attend a normal school for nine weeks and then be issued a teacher's certificate, holding that this plan did not give a high class of teachers, and also worked a hardship on teachers who had obtained adequate training and yet were paid the same or lower salaries than the inexperienced students who were teaching."

"The meeting was one of the most harmonious of the kind ever held in the county, according to veteran school directors. Directors, teachers and representatives of the tax league all appeared to be working for a reduction in school expenses, and there was perfect cooperation between both teachers and directors."

NORMAL STUDENTS CAN "MARK WELL"

Fifty-Four Pass Palmer Tests and Receive Teachers' Certificates.—Sixty-One Took Examination.

Fifty-four of the 61 members of last quarter's penmanship classes have passed the examination required by the A. N. Palmer company for the teacher's certificate. Successful candidates were as follows:

Anne O. Adrianson, Kathryn L. Albright, Miriam A. Baumgart, Mrs. Raymond Berry, Virginia M. Bishop, Lenore G. Black, Leta M. Bostwick, Nellie B. Bryars, Caroline Burch, Lona E. Cole, Lauretta A. Craft, Lavonne Cunningham, L. Grace Day, Leslie V. DeLong, Susie D. Forsythe, Esther F. Fox, Eunice S. Graham, Velma D. Grass, Elizabeth L. Grieve, Ruth E. Horn, Edith P. James, Margaret R. Jerome, Erma M. Kemp, Florence C. Lehne.

Lorna M. Lieberg, Hilda M. Lorenzen, Gladys C. Martinsen, Frances M. McFaddin, Ina R. McKay, Irene Norvell, Louise L. Ows, E. Doris Pember, Maudie M. Perry, Ethel M. Presnell, Thais I. Renne, Mildred B. Renshaw, Ora May Reynolds, Gertrude H. Riley, Kathleen R. Riley, Fannie A. Ross, Una, Vista Schamahorn, Agnes L. Schelling, Jennie V. Seeley, Geneva A. Sharp, Iva K. Shephardson, Freda M. Shook, Dora E. Stauffer, Naomi L. Tenny, Amelia E. Thom, Blythe E. Tucker, Dorine D. Walker, Goldie G. Walker, Ruth W. Wiltse, Hillera C. Woodward.

Miss Martin Entertains

A party was given by Miss Elizabeth Martin last Saturday night for the Juniors who took part in the Junior Jamboree. Those who attended were kept in a constant uproar by the many novel stunts offered for entertainment. A committee from the Camp Fire Girls, composed of Bertha Sherman, Ethel Montgomery, Elizabeth Sandstrom, Josephine Hough and Freda Shook, had charge of the decorations and refreshments.

Advanced Students Elect

Louis J. Neidert has been elected president of the advanced students. Ruth Glasgow is secretary-treasurer and Hazel Besse is reporter.

The advanced students were hosts at a tea given in honor of Mrs. Louise Anderson last evening. Mrs. Anderson was presented with a small pin set with pearls.

Sometime next week the class plans to picnic in the hills.

W. E. Haeseler and Mrs. Louise Anderson are faculty advisers of the club.

ASKS STUDENTS TO ATTEND I. E. T. A.

President Showalter Urges Students Who Remain in Cheney to See Convention.

HAS A PRACTICAL VALUE

Faculty Members May Suggest Sections of Practical Value to Normal School Students.

Students of the Normal school, especially those who are planning to remain in Cheney during the vacation, are urged by President Showalter to spend some time at the convention of the Inland Empire Teachers' association next week. Contact with educators of nation-wide reputation, as well as acquaintance with modern educational problems, will be of value to students who are about to enter the teaching profession. His statement follows:

"Students of the Normal school are especially urged to attend the sessions of the Inland Empire Teachers' association in Spokane next week. At this meeting will be found men and women of nation-wide reputation, leaders in all lines of educational activity. Contact with persons of their standing, as well as some knowledge of the problems of education that will be discussed by experts at the convention, will be of great value to those who are about to enter educational work."

"Members of the Normal school faculty will undoubtedly be glad to discuss with you the programs of the various sections. If you are unable to spend more than a short time at the convention, and are especially interested in some subject, whether it be art, English, music or health education, I am sure you will be able to get valuable suggestions from our faculty as to the best manner of spending your time."

"Dr. William B. Owen, president of the Chicago Normal school, who is also president of the National Education association, will be one of the principal convention speakers. His address before the general session will be given on Thursday morning. Many other worth-while things are on the program."

"This invitation is addressed especially to the students who are planning to remain in Cheney during the vacation period. It is suggested that one day might very profitably be spent at the I. E. T. A."

PLANNING CHANGE IN EDUCATION WORK

Methods Courses Will Be Divided Into Three Sections for Summer School, Says Dr. Merriman.

Preparations for the summer session of 1923 are still under way, and the administration will probably be unable to make any announcement regarding the new members of the faculty before the middle of April. Some new courses are being planned, among the number being a change in the manner of conducting the method courses in the education department.

Three divisions will be made in the methods courses, Dr. Merriman says. One will be the primary division, devoted to the first three grades; the second will be the intermediate division, devoted to the next three grades; and the third will be the upper grade and junior high school division, devoted to the seventh, eighth and ninth grades. If this plan proves satisfactory during the summer, Dr. Merriman is planning to continue it hereafter.

Frolic for Off-Campus Girls

A clear, sunshiny spring morning started the day for the "frolic" for off-campus girls last Saturday. The girls met at the Normal pillars at 9 o'clock, armed with their own lunches and high spirits. Then came the real hike toward Fish lake. With the discovery of a suitable stopping place, a camp fire was built and marshmallows roasted. Games and races of a variety of sorts were participated in. Ask any "off-campus" girl if she had a good time.

DR. OWEN MAY COME

Dr. William B. Owen, president of the National Education association, will probably be a guest of the Normal school early next week. President Showalter is well acquainted with Dr. Owen, having served for three years with him on the reorganization committee of the N. E. A. President Showalter says that Dr. Owen is one of the leading normal-school men of the United States.

Junior Class Elects

Junior class officers for the spring quarter are as follows: President, Con Callahan; vice president, Rosamond Matteson; secretary-treasurer, Kathryn Smith; sergeant-at-arms, Geraldine Guertin; faculty adviser, A. A. Eustis.

You can get in on almost any proposition to the extent of contributing your money.

Senior B's Elect
Officers for the Senior B class have been elected, as follows: President, Kathleen Riley; vice president, Elizabeth Babcock; secretary, Olive Myers; treasurer, Edith Freeborg; unanimously reelected treasurer, Vera Thornley also reelected as chairman of social committee. Mrs. Dora Lewis was chosen class adviser.
